Venus, Chariot Parade In Saturday Pageant

The Bowling Green campus will find itself surrounded by the pageantry of ancient Rome Saturday afternoon, May 7, when Kappa Sigma fraternity stages its eighth annual Chariot Race. An expected crowd of 3,000 students, faculty, and townspeople will be present, John Green, publicity chairman, has announced.

High points of the spectacle, which begins at 12:30, are the half-mile-long parade through the city of all participating groups, the crowning of Venus-For-a-Day and her two attendants, and the race itself. Most housing groups have entered the race, Greene stated.

Ohio KSigs Vote

According to Greene, Venus and the attendants have been chosen by the votes of about 125 Kappa Sigs representing the five chapters in Ohio, who met here April 30 for an Ohio district conference. The three coeds selected will be notified Friday evening, but public announcement will not be made until race time Saturday. The race will be held in the area east of the Fine Arts Bldg. Bleachers will be set up for spectators.

The parade will start at the Kappa Sig house. It will be led by the sponsors wearing togas and their pledges dressed as slaves to pull the oversize chariot. The Deahler High School pep band will follow with the music. Chariots and costumed members of entering groups make up the rest of the parade. Parade route is East Wooster to Main, Main to Court, Court St. to the Administration Bldg., and then north around the building down to the Fine Arts Bldg. Greene stressed that all organizations entering chariots in the race must take part in the parade.

Trophy For Chariot

Each group builds and decorates its own chariot, Greene, stated. A trophy is to be awarded for the most beautiful and authentic chariot. Costuming of the participants is also considered, Greene added. Venus also receives a trophy.

The race will be run in a series of heats for each division, men's and women's. The three best times in each division will then run it out for the championship, according to Greene. Men pull their chariots over a 150-yard course, women over a 75-yard course.

Judges Announced

General chairman Robert Dimick tentatively announced the judges for the best chariot. They are Jim Uebelhart, announcer for WSPD radio and TV, Toledo; Mrs. Ruby Brownlee, Kappa Sig house-mother; Army ROTC Col. Thomas R. Malone; and either Col. Luther Bivins or Capt. Adolph Joseph, Air Force ROTC.

Candidates for Venus include Maxine Lowry, Alpha Gamma Delta Pi; Virginia Beck, Kappa Delta; Maryjane Koenig, Delta Zeta; Nancy Brown, Kohl; Janice Nowack, Alpha Chi Omega; Janet Arn, Alpha Phi; Charlotte Koch, Phi Mu; Sally Blue, Delta Gamma; Gayle Meyer, Chi Omega; Deborah Aunger, Alpha Xi Delta; Janet Young, Gamma Phi Beta; and Doreen Handley, Shatzel.

In last year's race, Pi Kappa Alpha fraternity and Alpha Xi Delta sorority were the champions. Men's Independent Society had the best-looking chariot, and Barbara Jisa, Chi Omega, was Venus. All entering groups are asked by Greene to have the chariots at the Kappa Sig house by 12:15.

Toledo Art Exhibit Includes BG Entries

Works of five Bowling Green students and six art faculty members have been accepted in the annual Toledo Area Artist Exhibition at the Toledo Museum of Art beginning May 1.

Students whose works were accepted are Fritz Heindorf, Mary Jeanne Connelly, Bob Gorton, Jack Troutner, and Hassell Schwartz.

Instructors in art having works accepted are Robert Stinson with four oils, Anthony Vlahantones with one painting and one sculpture, and Otto G. Ocvirk with two oils.

Two watercolors by Robert O. Bone and ten pieces of pottery by Charles J. Lakofsky will represent the efforts of the assistant professors in the exhibit. Willard F. Wankelman, associate professor had two watercolors accepted.

Symphony Band Gives First Campus Concert

By GENE DAVIS

Prof. Seymour Benstock, 'cellist, was the soloist in the University Symphony Orchestra's annual concert at 8:15 p.m. Sunday in the main auditorium. Under the baton of Prof. Gerald McLaughlin, the group presented five numbers in addition to Boccherini's "Concerto in B flat," featuring Professor Benstock.

The orchestra opened its program with Mozart's "Overture to La Clemenza di Tito." A work by one of his contemporaries, Haydn's "London" symphony followed, closing the first half.

With the barren concrete wall at the back of the stage finally covered with a blue curtain, the orchestra began the next section with the concerto played beautifully by Professor Benstock. The following selection, Schubert's ballet music from "Rosamunde," was on the whole well-performed. His colorful rhythmic music could have been improved, however, if the orchestra had paid more heed to Professor McLaughlin's direction with respect to dynamics.

Chosen to close the program, Dvorak's ever popular "Slavonic Dance No. 1," was given a spirited reading and effect was good. An encore was requested by the small but eager audience and the orchestra responded with a fine performance of Johann Strauss' "Perpetual Motion."

Prom Style Is French

The U-A Prom Decorations Committee has announced that the theme for this year's Prom, to be held May 20, is "Gaité Parisienne." This is the name of the famous French Can-Can Dance and it will symbolize the French theme which will be carried out in all the decorations.

Dick Palmer, chairman of the committee, announced that a large canopy, similar to those used at many big night-clubs, will form the entrance way into the Men's Gym. Inside the corridors of the Gym will be large murals depicting famous Paris scenes. A three dimensional Arch of Triumph will usher couples into the Gym proper. Other elaborate decorations include sidewalk cafes, art shops, and other murals. The chaperone's corner will be especially decorative since modern furniture is being procured and it will be placed in one of the store decoration schemes. Lighting schemes have been planned to give the appearance of old France at its brightest.

Other members of the Decorations Committee are Jan Wagner, Pam Janke, Jean Valiquette, Steve Ray, Al Shepp, Merlin Sousz, and Bob Gorton.

ZAUGG NEW RED CROSS HEAD

Dr. Walter A. Zaugg, director of alumni affairs and director emeritus of education, was elected chairman of the Wood County Red Cross Chapter Board of Directors recently.

Sophomores, Juniors To Sign Up For Key Pix

All junior and senior class portraits for next year's Key will be taken May 16 to 21.

Students who are now sophomores and juniors may schedule appointments at the Key office, 119 Administration Bldg. Beginning tomorrow, the office will be open afternoons from 2 to 4:30.

A fee of \$1 per person must be paid when the appointment is made.

Harshman Gives Stone Specimens To Geology Dept.

Dr. Ralph G. Harshman, dean of administration, has contributed a collection of semi-precious uncut stones to the geology department.

Dean Harshman said that these specimens were given to him by an acquaintance in Belo Horizonte, Brazil while he was on tour in South America with the basketball team in 1949.

Harshman's collection has been added to the large consolidated collection of rocks, fossils, minerals, and semi-precious stones collected by Dr. Samuel M. Mayfield, Dr. John R. Coash, Dr. Edwin L. Moseley, and Prof. William Holt.

The classification of the rocks and other specimens in the geology department is being done by Walter Lundwall and Richard Truzzi.

Other specimens that have been added to the geology department include specimens of uranium contributed by Otis Mcrae, Bowling Green, '53, who is working for the Atomic Energy Commission in Colorado.

On the eastern field trip this spring, specimens of calcareous algae fossils were brought back from the Petrified Sea Gardens in Saratoga Springs, N.Y.

The calcareous algae are being studied today by biologists in Japan to see how they grow and the possibility of being able to someday feed a portion of the population.

State Senate Considers Bill For Married Students Housing

A bill passed by the Ohio House of Representatives will extend the legal right to build housing for married students to the boards of trustees of state universities, Pres. Ralph W. McDonald announced at the junior class convocation.

Dr. McDonald said the bill must come before the State Senate for its approval, but he felt that it would be passed.

GRAD ASSISTANT TO SPEAK

William D. Scott, graduate assistant in English, will talk about the use of southern and Negro dialect by author Joel Chandler Harris at the Book and Coffee Hour in the recreation hall 4 p.m. Thursday, May 5.

Mr. Scott will concentrate on the "Uncle Remus" series in his discussion of Mr. Harris.

Relaxing in the sun, Dr. McDonald joins in another afternoon session of the conference under the trees at Lakeside.

Dr. Charles Barrell, chairman of the department of political science; Miss Elmer Elsass, head resident of Shatzel Hall; Linda Sue Johnson; and Jody Dogan are shown participating in an afternoon discussion group at the annual leadership conference held Saturday at Lakeside.

Litherland Resigns As Dean; Gee To Take Over Position

DR. GEE

DR. LITHERLAND

Dr. Herschel Litherland will be relieved of his duties as dean of the College of Education next September and Dr. John E. Gee, chairman of the department of education, will replace him. Dr. Litherland made the request to be relieved last November in order that he might devote his full time to teaching.

In accepting Dean Litherland's resignation, President McDonald said, "It is with great reluctance that we have finally acceded to Dean Litherland's insistent request that he be permitted to return to his first love of full-time teaching. We are greatly pleased that he will continue with us on our teacher-education faculty. We are very fortunate to have a man of Dr. Gee's calibre available to assume the responsibilities of the deanship, and we look forward to a career of great service for Dr. Gee in this post."

Litherland To Teach

Dr. Litherland will teach classes in education and assist in the student teaching program. He has been dean of the College of Education since 1945 when Dr. Clyde Hissong became Ohio state director of education. Dr. Litherland said he has been looking forward for the past three years to the time when he could become a full time teacher.

Dr. Litherland left his position as superintendent of Allen County schools in Lima in 1941 to come to join the faculty at Bowling Green as director of student teaching.

A graduate of Greenville College, he became principal of the high school at Sorento, Ill. He then accepted the position of registrar at Wessington Spring Junior College in South Dakota, and then returned to Greenville, where he became dean of Greenville College. He received his master's degree from the University of South Dakota and his doctor's degree from the University of Cincinnati.

Gee Came In 1946

Dr. Gee came to the University in 1946 upon the recommendation of Dr. Litherland and has been chairman of the department of education for the past two years.

Dr. Gee was graduated from Tusculum College and received his master's and doctor's degree in education from the University of Pittsburgh. Before coming to Bowling Green, Dr. Gee had been a teacher and coach, and then principal, at Smithfield, for seven years; superintendent at Bergholz, for eight years; and superintendent at Shadyside for two years. He is now executive secretary of the Northwestern Ohio School Boards Association and this past year served as a member of the Ohio School Survey Commission.

Litherland Has Worked With Gee

Dr. Litherland, concerning the change to be made next fall, "I have worked with Dr. Gee rather closely since he came here nine years ago and I have absolute confidence in his ability."

He said that being dean of the College of Education "has been the most challenging experience in all my educational career. Working with the administration and faculty of Bowling Green State University has been a real privilege and I am looking forward to a continuation of this relationship in the new assignment."

Five Sociology Profs Attend Regional Meet

Five members of the sociology department attended the annual meeting of the Ohio Valley Sociological Society in Cleveland April 29 and 30.

University professors who attended the convention were Dr. C. Glenn Swanson, chairman of the department, Dr. Donald S. Longworth, Dr. Joseph K. Balogh, Dr. O. Norman Simpkins, and Dr. Frank F. Miles.

Phi Delts Take Both DU Bike Race Trophies

Prexy Talks Housing To Off-Campus Greeks

Six off-campus fraternities have conferred with Pres. Ralph W. McDonald this week to study and discuss housing recommendations.

A special committee, appointed by the president, inspected the off-campus units a month ago, suggesting that the fraternities reduce the number of occupants living and dining in the houses and improve house facilities. John Bunn, director of residential and plant operations; Raymond Whitaker, assistant dean of men; and F. Eugene Beatty, assistant to the president, are committee members.

Phi Delta Theta copped both trophies at the fifth Annual Delta Upsilon Bike Race, Saturday, April 30.

The first, second, and third place fraternities, Phi Delta Theta, Theta Chi, and Sigma Nu broke the old record of 92 laps, established by Phi Delt in 1953. Phi Delta Theta cycled 100 laps or 220 miles, Sigma Nu, 94 laps or 217.8 miles; and Theta Chi, 93 laps or 214.6 miles.

Martin Keipp, Phi Delta Theta, won the fastest lap race by pedaling the course in 6 minutes and 3.5 seconds.

Phi Delt's Ahead

Phi Delt was out in front from the time the starter's gun went off. Their lead varied by one to two laps because of their bike breaking down. It was a tight race for second place between Pi Kappa Alpha and Sigma Nu, during the last two hours of the race. The Pike's bike had two break downs, allowing Sigma Nu to lap them.

Pamela Janke, Delta Upsilon's Bike Race Queen, handed out the trophies to the winning fraternities after the race ended. She also led the start of the 12 hour marathon and the lap race, seated in the back seat of a convertible.

The music heard at 6 a.m. Saturday was a band of members of Delta Upsilon, who paraded through campus followed by the queen's sorority, Alpha Chi Omega. The band was seated on a float.

Tandem Bike

Sigma Alpha Epsilon displayed ingenuity and humor during the race by building a bicycle built-for-two, which they pedaled for a few laps, after their bike suffered several break-downs.

Members of Delta Upsilon, the campus police, and the city police, cooperated in guiding traffic at the corners during the race.

Delta Upsilon's 5th annual Bike Race began at 7 a.m. and ended at 7 p.m. Each fraternity entered one bike, which was the only bike they could use in the race. Pits were set up, where any necessary repairs could be made. The fraternities organized their riders into a relay team, after each lap they changed riders. The nine fraternities that entered the fastest lap race picked their fastest cyclists. It started ten minutes after the end of the greatest number of laps race. The course, of both races was 2.2 miles long, and follows the rectangle made by Ridge St., North College Dr., Poe Rd. and Mercer Rd. The start and finish line was behind the English Bldg.

Stands At Finish Line

Stands were set up at the finish line for the large number of spectators that attended the event.

(Continued on page 3)

Discussion Not Dissension

The Leadership Conference Saturday at Lakeside with some 120 students, faculty, and administrative persons attending provided an excellent opportunity for these various components of University life to discuss problems and plans.

If it were practical to hold this type of conference three or four times each year and include the entire student body and faculty, every person on campus might come to the realization that our problems can be met and resolved through discussion and through cooperation rather than through the spreading of rumor and dissension.

Gimme Another Pint, Boy

Alpha Phi Omega will sponsor its second Blood Bank of the semester Wednesday, May 11, in the recreation hall. A 150-pint quota has been set for this one, which is 25 pints above quota for the last donation.

The quota has been set higher since only 110 pints were collected in February when the 125-pint quota was not full-filled because of the flu epidemic.

We'll have to fill this raised quota in order to keep our excellent record in blood donation. Parental releases are being distributed by members of the service organization. Off-campus students may pick them up from Dr. J. Russell Coffey in the Men's Gym.

Lines At Deadline

Seniors Hold 3 a.m. Dorm Party; Navy Wants Capt. Joseph, Coed

BY GERALD MURRAY

The fire gong at Williams Hall tumbled underclassmen out of bed and outside at 3:45 Friday morning. No seniors were in this group, however, because they staged the drill as part of their party for the residents.

The seniors scurried around and locked all the underclassmen out and would only permit them to enter by the front door. After calming the underclassmen from the rudeness of being awakened at such an early hour by a bunch of neurotic seniors, they treated the whole dorm to punch and cake.

As part of the entertainment for the hour festivities, the seniors sang this original song written by three journalism majors:

Now is the hour
That we must graduate.
Soon we'll be working
Far across the states.
Drop me a line,
A letter just to say,
That you'll remember long
Those friends of college days.

The Naval Aviation Corp. made certain last week that their news releases reached every prospective candidate. Not only did most of the men on the campus receive the invitation to join the naval flight training program, but so did Capt. Adolph Joseph, of the Air Force ROTC faculty, and one of the coeds. This same coed remarks that she receives all sorts of advertisements addressed to mister instead of miss.

Signs of the sun have reached the campus in full force. What with the bike race, the spring session of quarry 101, and the rash of new convertibles, many a reddened and browned student has appeared. It seems no one is immune to the call of the sun. The faculty too has succumbed to the temptation of the convertible.

The convention season, too, has struck the campus with full force. For the rest of the year, if we may judge by previous years, every time you turn around there will be another group of conventionites on campus. With most of these gatherings being for high school students, we might remember to be at our best behavior. The impression made on these teen-agers is our greatest drawing power for future students at this University.

"Gremlins" who strew locks in the paths of the bike-riders Saturday, causing innumerable flat tires, are assumed not to be any relation to college students.

WAC OFFICER TO INTERVIEW

Capt. Mary E. Clarke, Women's Army Corps procurement officer for the Second Army area, will be on the campus today to speak to all women interested in an Army career, announced Col. Thomas R. Malone Jr., professor of military science and tactics.

Captain Clarke will spend the day in the Administration Bldg. unless requested to appear in individual women's dormitories.

A group of SAEs, left, try desperately to repair an early breakdown in the DU Bike Race Saturday. Quick changes of riders, as executed by Theta Chi, right, helped quicken the pace of the twelve hour event so that the winning group, Phi Delta Theta, was able to average nearly 20 MPH.

Four Chemistry Majors Receive Assistantships

Four graduating chemistry majors have been awarded assistantships according to W. Heinlen Hall, chairman of the chemistry department.

Richard D. Anderson, Toledo, will be a teaching assistant at Iowa State College, Ames, Iowa. Richard P. Ciula, Lorain, has accepted an assistantship at the University of California in Berkeley.

Charles F. Hammer, Fremont, will be teaching assistant at the University of Minnesota. Gale E. Smith, Van Wert, will be a special research assistant in the department of agriculture chemistry of Michigan State University while carrying on graduate study in the field of chemistry.

At least ten other Bowling Green alumni are currently engaged in graduate work. There are five at Ohio State University, three at Michigan State, and one each at Western Reserve and Kansas State. Assistantship salaries vary but usually pay about \$1,500.

Rifle Team Competes For ROTC Trophy

The Army ROTC rifle team completed the final phase of the National Intercollegiate rifle match last Thursday, announced Capt. Robert G. Menefee Jr., rifle team coach. He said this was the final match for consideration in awarding the rotating rifle team trophies to the outstanding cadets on the rifle team. Winners of the trophies will be announced soon.

All ROTC units in the country participate in the National Intercollegiate rifle match. The match is fired in four phases: prone, kneeling, sitting, and standing positions.

Air Bases Toured By Cadets, Profs

Twenty AFOTC cadets, three University professors, and two members of the Air Force staff took a field trip during spring vacation, touring Air Force bases in the south and middle west.

Making the tour were Willard F. Wankelman, associate professor of art, Dr. Robert Henderson, associate professor of business administration, Harmon Voskuil, associate professor of economics, Maj. James R. Cables, and Capt. Kent Maynard.

The group visited bases in Dayton, Malden, Mo., Oklahoma City, Wichita, Denver, and Omaha. At the various Air Force bases in these cities they observed maintenance, flight instructions, complex instruments, and radar operations.

Stutsman, Van Scoyoc, Abell Receive Industrial Fellowships

Three Bowling Green faculty members have been granted six-week fellowships in New York and Chicago business firms during the summer months, stated Dr. Leland S. Van Scoyoc, associate professor of economics.

Dr. Galen Stutsman, chairman of the business election department, and Dr. Van Scoyoc received their grants under the College Business Exchange Program of the Foundation for Economic Education. Wilbur Abell, associate professor of business, was granted a fellowship by the American Association of University Teachers of Insurance.

Van Scoyoc

Dr. Van Scoyoc will study at the People's Gas Light and Coke Co. in Chicago from July 2 through Sept. 2. Dr. Stutsman will study in New York at the J. C. Penny Co. from June 13 through July 22.

Mr. Abell will study at the New York Life Insurance Co. of New York City from June 15 through July 22. The fellowship is his second. He was granted a fellowship in the summer of 1953 by the Connecticut Mutual Life Insurance Co., Hartford, Conn., under the Foundation for Economic Education program.

Firms And Profs

The Foundation attempts to bring together business firms and college professors. Professors fill out applications for the organization. On the applications they specify in what field they would like to work. These applications are sent to firms, who outline a program and choose the men. In the six weeks the professor spends at the company, he attempts to learn as much about the firm and the industry as he can, stated Dr. Van Scoyoc.

Since its inception in 1948, nearly 500 professors from 246 colleges and universities have participated in the programs. In 1954 a total of 151 professors were awarded fellowships by 72 business firms.

Official Announcements

Today and tomorrow off-campus students should sign up in the Dean of Students office for on-campus rooms.

Falconieri Presents Paper

John V. Falconieri, assistant professor of foreign languages, read a paper at the University of Kentucky Foreign Language Conference, April 28 to 30. The paper, written in Italian, is entitled "Il saggio di T. S. Eliot su Dante."

Lakofsky's Ceramics Go To Cannes Exhibit

Charles J. Lakofsky, assistant professor in art, will act as a United States representative in "international goodwill" through two ceramic pieces he made which will be shown in a ceramic art exhibition in Cannes, France. Under the direction of the American Craftsmen's Educational Council, American ceramicists were selected to enter two pieces each to the exhibition.

Turnpike Clay

Using clay from turnpike excavations at the Detroit and Anthony Wayne Trail intersection at Maumee, Professor Lakofsky designed a bowl of olive green and a covered jar of blue.

Following the French exhibit, the pottery will be shown in other European museums for about a year.

Carefully Selected

According to Mrs. Arleen Vanderbilt Webb, president of the A.C.E.C., the group of American ceramicists selected to represent the United States in the exhibition were "carefully selected," that the ceramics chosen would be "representative of the work of the best potters of the United States."

Mrs. Webb also explained in her letter telling about the exhibition that this international undertaking was a means of "communicating toward peace."

Carlos Jackson crosses the goal line early in the fourth quarter for the Whites' fourth touchdown as Sam Epstein makes a futile lunge for him. The Whites won the Falcon's spring intra-squad game 27-21 although the gun sounded with the Browns' on their three yard line.

Whites Defeat Browns; Grid Sessions Close

By BILL COOPER

Although the activities on the campus were numerous Saturday, a large crowd gathered in expectation to see just what Bowling Green's new football mentor Doyt Perry, former backfield coach at Ohio State University, had accomplished in his 20-day football training period which had started before spring vacation.

Perry divided his squad into two evenly matched teams and named them the "Whites" and the "Browns." These two outfits had the spirit that has been evident since the day Perry took over the reigns as new football coach. They had the zip that should carry over from this spring session to next year when the Falcons will have to test their new "look" in real competition.

Whites Victorious

Even though the Whites were victors at the end of the regular timed contest 27-21, it was a moral victory for both Perry and each member of the Falcons. They are already looking toward the start of the football season next year.

Both teams employed the split-T which was introduced to the Falcon football squad by Perry. This system is new and still will take a lot of work but Perry seems satisfied with it and according to his boys, the feeling is mutual.

Carlos Jackson, speedy half-back from Fostoria, took the opening kickoff for the winning Whites and ran 75 yards to set up the first touchdown scored by the Whites. He later set up another tally with another long run-back of a kickoff by the losing Browns. In addition to the two long runs, Jackson wiggled his way 17 yards for a touchdown to help provide for the victory by his teammates.

Giroux Scores Three

Jack Giroux, fullback from Toledo Waite, scored three touchdowns as he and Jackson were the only ones to score for the Whites. Giroux seems well-groomed in line plunges as he cracked the line for the score three times after his team had marched down the field. His three tallies came on plunges of 3, 4, and 6 yards.

The Brown eleven never lost

Diamondmen Split Two Games With Kent State 2-3, 14-5

The Falcon baseball team easily defeated the Kent State Flashes Saturday 14-5, after dropping a 3-2 thriller to the same ball club on Friday. The Falcon bat-man rapped out 15 hits in registering their 14 runs, high for one game this season.

Ted Johnson, BG southpaw, went all the way for Coach Warren Steller's nine, in racking up his second win of the season. Johnson allowed just six hits as he snapped the local nine out of a two-game losing streak.

Kenny, Minarch Lead

Dick Kenny and Bill Minarch, third-sacker and keystone, each rapped out three hits in four trips to the plate to help lead their club to the convincing victory.

Bowling Green opened the scoring in their half of the first to take a 1-0 lead. The Golden Flashes went ahead in the top of the second as they pushed two runs across the plate. They added another in their half of the third, but the hard-hitting Falcons scored two in the same inning to knot the score.

The fourth and fifth innings were scoreless. Kent State opened the sixth with another run to take the lead, 4-3. BG came to bat determined to get back in the lead as they scored five big runs. Kent State scored their last run in the eighth, but the Falcons added two runs in the seventh and four more in the eighth to take the game 14-5. BG's record is now 3-3.

Loss First Game To Kent

Fred Price, BG's ace hurler, lost his first game of the season and first in two years as the Golden Flashes eked out a 3-2 win over the Falcons on Friday.

Bowling Green could only get six hits off Kent's lefty Dave Twaddle. They bunched three of their six in the third inning as they scored their only runs of the contest. Wayne Schake, Falcon short-stop, walked after two were out. Dick Kenny then pelted one of Twaddle's pitches for a single that the center-fielder bobbled enabling Schake to score and Kenny to move to second. Price then singled to knock in Kenny.

Golf Team Wins Triangular Meet

Bowling Green's golf team won a triangular meet Saturday at the Bowling Green Country Club as they defeated both the University of Toledo and Albion College.

The Falcon golfers defeated TU 7-5 as BG's Dysinger and Rodney picked up three points each against their opponents. Brideau, also of BG, added a point to give them the victory over their neighboring rivals.

Albion fell victim to the Falcon linksmen 9½ to 8½. Dysinger again picked up three points. Rodney and Burner picked up 2½ points a piece, while Pike added 1½ to give his mates the required points for the win.

Bike Race

(Continued from page 1)

The crowd was estimated to be about 2,000 persons.

Five trophies were given out after the race: a first place, second, and third place rotating trophy, a rotating trophy for the queen's sorority, and two individual trophies for the winner of the fastest lap, and the queen.

Groups Entered

Fraternities that entered the race were: Alpha Tau Omega; Delta Tau Delta; Phi Delta Theta; Phi Kappa Psi; Pi Kappa Alpha; Sigma Alpha Epsilon; Sigma Chi; Sigma Nu; Sigma Phi Epsilon; Theta Chi; Zeta Beta Tau.

Delta Upsilon's Bike Race Queen was picked by singer, Eddy Fisher.

Last year the race was won by Theta Chi, in 1953 Phi Delta Theta won and established the record of 92 laps. Kappa Sigma finished on top in 1952. The first D.U. Bike Race in 1951 was 24 hours long. After 24 hours of grueling riding Sigma Alpha Epsilon finished first by piling up 173 laps and a total of 397 miles.

PRESSBOX PORTRAITS

By DICK BUDD

Coach Doyt Perry saw his hopes fulfilled Saturday when a good sized crowd turned out for the intra-squad game at the Stadium. Those who did attend were treated to one of the best games played on the University field in some time.

A rejuvenated Falcon squad played heads up football and finally uncorked some of its latent potential. Perry was able to assemble two teams without hampering the power of either. This proves, without much doubt, that the Falcon bench will be loaded with depth come this fall.

Most sportswriters seem to be addicted to the practice of making predictions and we aren't the exception to the rule. With any luck at all, it's not very hard to imagine that the Falcons will wind up in the top four of the MAC next year.

Warren Steller's baseball squad has still to win or lose a double header this season. One thing is certain, if they continue to split their twin bills, no one will top them percentage-wise or the win loss column.

As far as Bowling Green sports are concerned, one thing is quite noticeable: that is the increase in attendance at our team events. Could it be after eight months of school that the student body is beginning to get a little school spirit? Wonders will never cease.

Seven Men Win In Campus Wrestling

Due to many conflicts, this year's all campus wrestling tournament was stretched into a two week period, with the final matches taking place last Wednesday.

This year's tournament saw entries in seven weight classes participating. In the meet, there were four decisions, two pins and one forfeit.

Jimmy Casto gained the championship in the 128-pound class by forfeit. In the 136-pound class, Jack Michael, Sigma Nu, pinned Bill Scalzuli, Sigma Chi in the third period.

Dick Budd, Theta Chi, regained the 145-pound championship by pinning Bill Smith, Sigma Nu, in the second period of their match. Wes Weaton, Sigma Chi, took the 155-pound crown by winning a 6-0 decision over Bill Brashwitz.

Ted Johnson, Sigma Chi, decided Paul Atkinson, Sigma Nu, 7-5 to top the 165-pound weight class. Charles Grimmenger, Phi Delta Theta, took a close 5-4 decision from Ralph Carbonaro, Sigma Nu to take the championship in the 175-pound class. Neil MacDonald closed out the tourney by defeating Merle Kingsley 7-2 in the unlimited weight class.

Haman Perfect In Softball Win

Jim Haman hurled a perfect no-hit no-run game as Sigma Nu downed Alpha Tau Omega 10-0 in fraternity softball Wednesday night. Haman was aided by a 12-hit attack, paced by Mike Symeonides' homer. Chuck Abramson was the losing moundsman for ATO.

Delta Upsilon shut out Sigma Alpha Epsilon 8-0 as Tom Dakich allowed the SAE's a solitary base hit. Jim Workins started on the hill for SAE, but was relieved by Joe Stanziale.

Pikes Win

Skip Paridon pitched Pi Kappa Alpha to a 12-6 victory over Zeta Beta Tau, aided by Don Mixer's homer in the second inning.

Phi Delta Theta took the measure of Phi Kappa Tau 10-1, as Glen Freimark fashioned a four-hitter, and his Phi Delt teammates blasted seven safeties. Phi Tau hurler Lowell Rager went the route for the losers.

In other action, Delta Tau Delta blasted Sigma Chi 12-5, and Kappa Sigma buried Phi Kappa Psi 18-7.

Wednesday's Games

Wednesday's games include, League I: Phi Delta Theta versus Theta Chi; Alpha Tau Omega against Delta Upsilon; and Sigma Nu to face Phi Kappa Tau. In League II, it will be Kappa Sigma locking horns with Sigma Phi Epsilon, Delta Tau Delta versus Zeta Beta Tau, and Sigma Chi entertaining Phi Kappa Psi.

THE GIFT HORSE

Many of our friends will soon be graduating. What kind of gifts should we give them?

Here is no simple question. It is never simple to find gifts for people who have everything, and college students, as everyone knows, are the most richly endowed of mortals. They've got beauty and truth. They've got rhythm. They've got stout hearts, willing hands, and a clear vision that dispels the miasmas of the future as the morning sun sears away the last wisps of a cool night's fog. They've got heaps and heaps of money, as who would not who has been receiving such a huge allowance over four years of schooling?

What can we give them that they don't already have?

One infallible gift for the person who has everything is, of course, a stethoscope. New models, featuring sequined earpieces and power steering, are now on display at your local surgical supply house. Accompanying each stethoscope is a gift card with this lovely poem:

*When you hear your heart beat,
When you hear it pound,
Remember me, your buddy,
William Henry Round.*

If, by some odd chance, your name does not happen to be William Henry Round (you're laughing, but it's possible), here is another dandy suggestion for the person who has everything — a gift certificate from the American Bar Association.

These certificates, good at your local lawyer's, come in three convenient sizes: small, medium, and large. The small certificate covers title searches and writs of estoppel. The medium size covers torts, claim jumping, and violations of the Smoot-Hawley Act. The large one covers kidnapping, murder, and barratry.

If, by some odd chance, you don't know what barratry is (you're laughing, but it's possible), it is arson at sea. This interesting crime is called after Cosmo "Bubbles" Barrat, a captain in the British navy during the last century, who was addicted to burning his ships. One man o' war after another fell victim to his incendiary bent. The Admiralty kept getting crosser and crosser, but every time they called in Captain Barrat for a scolding, he would roll his big blue eyes and tug his forelock and promise faithfully never to do it again. Oh, butter wouldn't melt in his mouth, that one!

So they would give him another ship, and he would soon reduce it to a scattering of charred spars. He burned more than 120,000 ships before he was finally discharged as "doubtful officer material."

After his separation from the navy, he moved to Vienna where he changed his name to Freud and invented Scrabble.

But I digress. I was listing gifts for the person who has everything, and here is another one. This gift, in fact, is not only for persons who have everything, it is also for persons who have nothing, for persons who have next to nothing, for persons who have next to everything, and for persons in between. I refer, of course, to Philip Morris cigarettes. Here is the cigarette for everybody — for everybody, that is, who likes a mild relaxing smoke of fine vintage tobacco in a handsome brown package that snaps open with the greatest of ease. For those, if such there be, who like dull, nondescript tobacco in a package that requires a burglar's kit to open, Philip Morris is definitely the wrong gift.

Among the newer gifts that warrant your attention is a revolutionary development in the enjoyment of recorded music. This is the Low-Fi Phonograph. The Low-Fi, product of years of patient research, has so little fidelity to the record you put on it that if, for example, you put *Stardust* on the turntable, *Melancholy Baby* will come out. This is an especially welcome gift for people who hate *Stardust*.

Finally there is Sigafos Shaving Cream, a brand new kind of cream that makes whiskers grow in instead of out. You just bite them off in the morning.

©Max Shulman, 1955

To Max's suggestion to give PHILIP MORRIS for graduation, the makers of PHILIP MORRIS, who bring you this column, add a hearty amen.

WSA To Hear Profs Discuss Differences

Dr. Dorothy McCuskey, professor of education, and Dr. Bertil Sima, professor of foreign languages, will discuss the difference between the European and American methods of education at 7 p.m. tomorrow, 303 Administration Bldg.

The speakers will re-examine the values placed upon education in the United States and abroad and will trace the effect of the different educational systems on social progress and the development of democracy.

The discussion, sponsored by the World Students Association, will be followed by a question and answer period.

Home Ec Convention Features Tour, Dinner

Twenty-six home economics students attended the Ohio home economics convention Friday, April 22 in Toledo.

Friday afternoon the students toured the Libby-Owens Glass Co. and the kitchens of the Commodore Perry hotel. That afternoon there was a college club meeting of representatives from all over Ohio.

An international buffet dinner was the feature of the evening. Foods from different countries were served. Table center pieces were foreign dolls. For entertainment there were dancers representing various countries.

Saturday the group attended meetings and visited companies to see exhibits. Westinghouse, International Harvester, Singer Sewing Machine, and White Sewing Machine were some of the companies toured.

Sommer Gives Second Of UCF Chapel Series

"Christ—The Lord," the second topic in the series, "The Significance of Christ," will be presented in Prout Chapel tomorrow afternoon at 4 p.m.

Messages in the series are being delivered by Otto Sommer, assistant director of United Christian Fellowship.

Lois Radomsky will be student leader for the service. Marianne Illenberger is to be soloist.

IBM AGENT TO SPEAK

C. C. Gump, sales representative for International Business Machines, will speak before the Bowling Green Marketing Association at 7:30 p.m. Thursday, May 5, at the Delta Tau Delta house. All persons interested in the field of marketing and new members will be welcome according to Don Blaine, president.

Chi O, Alpha Phi Initiate Pledges; Alpha Xi, Gamma Phi Hold Dances

Alpha Phi and Chi Omega pledges went active over the week end. Chi O pledges spent the week searching for their clues that told them the time they would be initiated and the initiation ceremonies were held Friday night and Saturday. The initiates were given an after-hours party by the juniors Saturday night. A Spring Banquet will be held May 18 to honor the seniors, the new initiates and the outstanding pledge, Carolyn Borst.

Alpha Phi initiated its pledges Sunday morning. Their initiation banquet was held at the Woman's Club Sunday afternoon. Jean Enoch, the outstanding pledge, was presented with a rotating trophy.

"Rose Dance"

Alpha Xi Delta held its annual "Rose Dance" at the Fine Arts Gallery Saturday. At intermission, the Xi's honored the pinned senior girls and their dates. As their names were called, the pinned couples walked through a rose arbor, and the girl presented a rose to her date. The band then played a special number while the senior couples danced.

Gamma Phi Beta held its closed formal at the Fine Arts gallery Friday, April 29. The theme of the dance, "April Showers," was followed when a quartet sang the theme song at intermission.

Sigma Nu Elects

Sigma Nu elected Don Getter commander when they held elections recently. Other officers are Paul Atkinson, Lieutenant Commander; Lowell Fowler, recorder; Carter Hadley, treasurer; Dick King, reporter; Jack Varady, sentinel; Ray Preston, marshal; Jay Hall, steward; Bill Caplick, parliamentarian; Bob Salberg, alumni contact officer; Al Reed, historian; and Manny Kallos, chaplain.

The Phi Mu pledge class held a coffee hour for the alums April 28. After entertainment by the pledges, coffee and doughnuts were served. The Phi Mu pledge class recently elected new officers. Nancy Mainz was chosen president; Carol Abramaska, vice-president; Martha Wamamaker, secretary-treasurer; Mary Traill, social chairman; and Nancy Abramaska, song leader.

Alum Breakfast

Alpha Phi held its annual alum breakfast at the Commons Sunday, April 24. Many alums went back to the house for coffee, and Lois Radomsky was presented with a bracelet for the outstanding Alpha Phi senior.

Many pledges were busy over the week end. The Delta Zeta pledges gave a surprise breakfast for the actives at 5:30 a.m. Saturday.

KDPI Election Held At Annual Banquet

Seventeen new members were initiated into Kappa Delta Pi, honorary society in education, at its initiation banquet Wednesday, April 27 at the Charles Restaurant.

Those initiated were Marcia Beach, Arthur Bender, James Blank, Mary Lou Bowman, Nancy Campbell, David Dawson, Raymond Lawrence, Carol Lee, Barbara Luke, Sue Marsteller, Mrs. Inez Pingle, Joan Reed, Cathrine Reinemeyer, Kenneth Shoemaker, Eldon Nonnamaker, LuAnne Thompson, Esther Walendziak.

The new officers are Robert Fitch, president; Russell Hall, vice-president; Shirley Brechmacher, recording secretary; Frances Isch, corresponding secretary; Dr. Charles Young, professor of education, treasurer; Nancy Kinney, historian; Dr. Dorothy McCuskey, professor of education, adviser; and Dr. Florence Williamson, professor of education, counselor.

Miss Zola Jacobs, superintendent of schools in Findlay, was the guest speaker. Her topic was "Listen With The Heart."

APhIO Elects Officers

On Monday evening April 25, Alpha Phi Omega held its elections of officers for next fall in the Alpha Phi Omega lounge in R-8. Those elected were: Gene Pettit, president; Harrison Chappell, first vice-president; Bob Salberg, second vice-president; Jerry Hissong, secretary; Jim Stein, treasurer; Al Moebus, historian; Don Browder, sergeant-at-arms; and Ronald Shoemaker, alumni secretary.

SIGMA TAU HOLDS ELECTION

Sigma Tau Delta officers elected for next semester are Rodney L. Parshall, president; Marilyn Ray, vice-president; Marilyn J. King, treasurer; Sally Jean Moran, secretary.

Five Students Initiated Into History Honorary

Stanley Kutler, Richard Palmer, Barbara Dean, Patricia Czajka, and David Grodhaus were initiated into the Gamma Upsilon chapter of Phi Alpha Theta, honorary society in history, Sunday in the Fine Arts Gallery.

Friday night, the members of the Bowling Green chapter held a joint meeting with the Toledo University chapter. A member of the Toledo U. chapter spoke on the experiences she had as an exchange student in Great Britain.

Economics Society Elects New Officers

LuAnne Thompson was elected president of Phi Upsilon Omicron, home economics national recognition society, Wednesday, April 27 at a meeting in the home economics laboratory.

Others serving on the cabinet will be Anne DuPuy, vice-president; Betty Goller, recording secretary; Sharon Camp, corresponding secretary; Edith Ford, treasurer; Janet Barto, chaplain; Alice House, librarian; and Joy Bush, publicity editor.

The newly elected officers will be installed Thursday evening, May 12.

"IT'S TOASTED" to taste better!

YOU GET MORE deep-down smoking enjoyment from Luckies than any other brand. The reason, plain and simple, is that Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better . . . cleaner, fresher, smoother. You'll enjoy the Droodle above, too; it's titled: Three on a match—Luckies, of course. Whenever smokers put their heads together, they agree you can't *match* a Lucky for flavor. Come light-up time, enjoy a better-tasting Lucky yourself!

Better taste Luckies... **LUCKIES TASTE BETTER**...Cleaner, Fresher, Smoother!
